

St. Helens Council

# Day Care Services - List of Accredited Providers

## 2010/2011

**St. Helens Council**  
**Adult Social Care and Health**  
**List of Day Care Services – Accredited Providers**

1 Introduction

All providers included on the list are accredited with the Council to provide day care services.

The information provided identifies whether day care services are provided at a specific location i.e. a day care centre facility or in the service user's own home and any specific times when the service is available.

The list also includes information such as address and contact details, service user groups, an overview of the types of activities that can be provided and an indication of whether food, refreshments and transport are provided. The list also identifies what exactly is included in the cost and what is charged separately.

Whilst every effort has been made to ensure accuracy, service information can change frequently. You are therefore advised to check with the appropriate provider to establish that the service provision details are correct.

Should you require any assistance or further clarification in respect of this information sheet you can contact the Procurement and Contracts section on 01744 673333 or 01744 456226 or alternatively via **[procurement&contracts@sthelens.gov.uk](mailto:procurement&contracts@sthelens.gov.uk)**
