

Receiving care can make you feel:

...and a 1001 other things.

**What was it like for you?**

**What was good?**

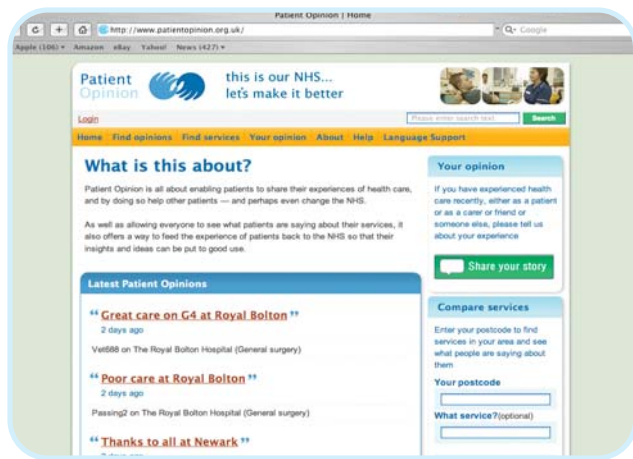

**Did you feel involved?**

**Did anything upset you?**

Tell us your story.

Fill in this leaflet, or visit us online at:

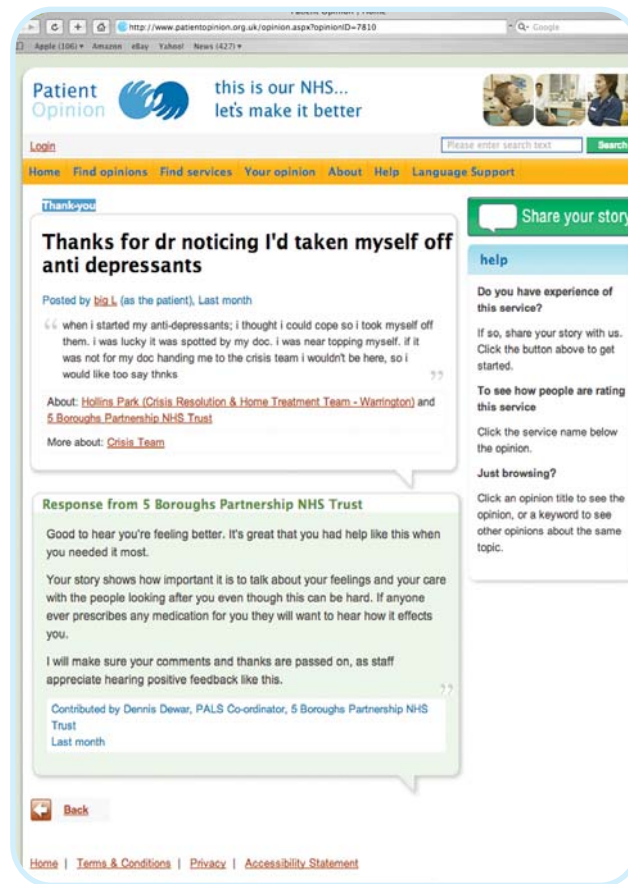

[www.patientopinion.org.uk](http://www.patientopinion.org.uk)

Rate your care on the back

Have your say, and help us make the NHS better.

Patient Opinion - Units 6/7, SCEDU, 53 Mowbray Street, Sheffield, S3 8EN. Tel: 0845 113 0012 (local rate)  
Registered in England and Wales - Company No: 5328982.

# Tell your story here...

## These are our services... Let's make them better

Tell your story on the **web**. Visit [www.patientopinion.org.uk](http://www.patientopinion.org.uk)  
Prefer to **talk** to someone instead? Call **0845 113 0012**

Just want to **write** it down? Tell us what happened..

We'll share your story on the web for others to read. We also aim to direct it to the managers who need to see it. But we never reveal your identity to anyone.

Best bits?

Worst bits?

What should change?

More to say?  
Just attach an  
extra sheet

### Patient Opinion is all about making the NHS better.

We need to know the following details to help ensure that your story is heard by the right people...

What service/clinic/hospital/ward is your story about?

Month of care:

What was your care for?

Are you the...

Service user  patient  carer  friend  relative

Your postcode:

Can we contact you, if we need to? We never pass your email address or telephone number on to anyone else, without your permission.

I am happy to be contacted by Patient Opinion.  
My email address is:

I do not have email, but am happy to provide my phone number instead. My phone number is:

We are also interested in finding out a little bit about you. This bit is completely OPTIONAL.

Are you:      male       female

What year were you born?

Have your say, and help us make the NHS better.

**Patient  
Opinion**

Patient Opinion is a not-for-profit organisation run for the benefit of patients, staff and service users.
